Pursuant to date 7/12/2012, the Ganado Middle School building experienced water damages to six classrooms and three office spaces. Blowing rain water penetrated through the exterior walls on the eastside of the building, causing water damages to the interior drywalls, carpet, cabinets, and ceiling, therefore displacing the six classrooms. Interior damages are covered under the property insurance, but the exterior surfaces are not covered. Insurance company is recommending that the exterior blocks be seal and painted before proceeding with interior repairs.
